Harbour Island

Over 300 years old, Harbour Island is a Bahamian settlement with rich maritime history, Dunmore Town in Harbour Island, served as the first capital of the Bahamas. This historic town is a unique blend of New England architecture and Caribbean colour. Shady verandas, hibiscus and bougainvillea, and the allure of turquoise water and pink sand beach make this an idyllic Caribbean island.

Valentines is located on the exciting side of Harbour Island and on near the best shopping and restaurants in Dunmore Town. Harbour Island is located 2 miles east off the coast of North Eleuthera. From tip to tip Eleuthera is 110 mile long and blessed with hundreds of miles of shoreline with beautiful pink sand beaches on both the east and west island coastlines. Inland you will find safe harbours, quiet lagoons, and a couple of spectacular blue holes!

Getting Here

Fly to North Eleuthera Airport (ELH). Silver Airways and Watermakers Air fly nonstop from Fort Lauderdale (240 miles). American Airlines flies from Miami (220 miles) nonstop daily. Delta offers nonstop service from Atlanta (2 hours) several times weekly. Aztec Airways offers multiple nonstop weekly flights from Fort Lauderdale Executive Airport to North Eleuthera Airport. To get to Valentine's from the airport you'll take a taxi to the ferry dock and get ferried across the lagoon to our marina. This interesting and scenic trip sets the tone for your vacation and takes less than 15 minutes.
