

# MEET THE CHEF

## Josef Swoboda

of Valentines Residences Resort & Marina

Josef Swoboda is a culinary master with over 30 years of Executive Chef experience under his hat, and Valentines Residences Resort & Marina is proud to call him their own. Having cooked all over the world, Chef Josef brings a wealth of knowledge to the Harbour Island, planning and executing fresh and exciting menus to perfection every day in both The Boathouse Restaurant and Rooster Tail Bar & Grill. Born and raised in Austria, Chef Josef began his training in his home country before heading out to hone his cooking skills across the globe.

Chef Josef has been awarded numerous culinary medals across multiple continents, and he now calls the Valentines Residences Resort & Marina and The Bahamas his home. Chef Josef pulls together some of the most inspired menus in all of The Bahamas which keep local Harbour Island residents as well as international travelers coming back time and time again to see what new delicacies he has got in store for them. Some of his dishes are crafted from Valentines very own farmers market that takes place every Saturday. Eleuthera is known to be the breadbasket of The Bahamas producing bountiful harvests of fruits, vegetables and herbs. Valentines own farmers market allows Chef Josef a true farm to table experience on Harbour Island.

We invite you to explore Chef Josef's menus on [www.valentinesresort.com/resort/dining](http://www.valentinesresort.com/resort/dining), and then to join us at The Boathouse and at Rooster Tail.

**Come to Valentines today,  
experience a wonderful dining  
adventure with Chef Josef!**
