The facility is the first of its kind on Harbour Island

Harbour Island, The Bahamas – December 17, 2017 - Valentines Residences Resort and Marina is pleased to announce the addition of a new, 600 square foot conference boardroom, making it the first and only one of its kind on beautiful Harbor Island in The Bahamas.

Completed in December 2017, the state-of-the-art facility can accommodate up to 30 persons, 20 at the conference table, and features the latest teleconferencing technologies and a/v equipment. "This new conference boardroom is important, but not just to Valentines - it will have a positive economic impact on the entire island," said Dean Spychalla, Vice President and Managing Director of Valentines Residences Resort and Marina. "It will create a new and unique option for meeting planners who in the past were not able to offer Harbour Island to their clients."

Named time and again as one of the world's best vacation destinations, Harbour Island is known for its beautiful, pink sand beach, gourmet dining, and friendly island charm.
